WELCOME TO GANDHINAGAR UNIVERSITY

EVENTS IN GANDHINAGAR UNIVERSITY

ABOUT US

Established under the Gujarat Private Universities Act, 2009, Gandhinagar University is dedicated to academic excellence through quality pedagogy and holistic development. The university empowers young minds through education, research, and skill-based learning, aligned with the National Education Policy (NEP) 2020, offering over ten disciplines and ninety programs within an integrated academic ecosystem.

Set on a serene, lush green campus on the outskirts of Ahmedabad and Gandhinagar, the university provides a peaceful learning environment supported by modern infrastructure, sports facilities, & a resource-rich centre. Blending contemporary architecture with traditional values, Gandhinagar University fosters research, industry collaboration, cultural engagement, and responsible nation-building.

SOFTWARE & MOBILE APP DEVELOPMENT

Mobile app development involves creating software for platforms like smartphones and tablets using tools and programming languages like Swift for iOS and Java for Android. The process includes designing the interface, testing functionality, and deploying the app to market places.

PROGRAMS WE OFFER

Integrated M.Sc. IT (5 Years)
Software & Mobile App. Development

M.Sc. IT (2 Years)
Software & Mobile App. Development

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

Any Graduate

FINE ARTS

Fine Arts encompasses creative disciplines like painting, sculpture, music, dance, and theater, contributing to cultural expression. It also includes Applied Art, which blends aesthetics with functionality in fields like graphic design, fashion, architecture, & interior design.

PROGRAMS WE OFFER

Bachelor of Fine Arts (4 Years)

Master of Fine Arts (2 Years)

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

Any Graduate

THE PROGRAM OUTCOME

Gain proficiency in languages like Java, Swift & Kotlin.

Design intuitive, user-friendly interfaces & enhance app usability.

Create and deploy mobile apps for iOS & Android.

Conduct testing & debugging to ensure app quality.

FEES: (PER SEMESTER)

Integrated M.Sc. IT **Rs. 37,500 /-**

M.Sc. IT in **Rs. 45,000 /-**

JOB OPPORTUNITIES

- Mobile App Developer
- Android Developer
- iOS Developer
- Software Engineer
- Full-Stack Developer
- UI/UX Designer
- Web Developer
- Application Developer

THE PROGRAM OUTCOME

Enhances creativity, visual expression and technical expertise in various art forms.

Open paths in painting, sculpture, graphic design, advertising, animation, photography and more.

Deepens the understanding of artistic traditions, cultural heritage and art history.

Encourages self-employment through art galleries, freelancing and commissioned work.

FEES: (PER SEMESTER)

Bachelor of Fine Arts **Rs. 35,000 /-**

Master of Fine Arts **Rs. 45,000 /-**

JOB OPPORTUNITIES

- Art Director
- Photographer
- Cartoonist
- Visual Designer
- Graphic Designer
- Fine Artist
- Illustrator
- Product Designer

GLOBAL CERTIFICATION MAPPED

CYBER SECURITY & DIGITAL FORENSICS

India's cybersecurity market is set to more than double from about ₹5,070 Cr in 2025 to ₹12,000 Cr by 2030. To support expanding digital ecosystems, the country will require roughly 1.5–3.5 million trained professionals as organizations rapidly adopt cloud computing, remote work, AI, and connected systems.

PROGRAMS WE OFFER

Integrated M.Sc. IT (5 Years)

Cyber Security & Digital Forensics

M.Sc. IT (2 Years)

Cyber Security & Digital Forensics

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

Any Graduate

THE PROGRAM OUTCOME

Covers vulnerability detection, secure network design, and cyberattack defense, along with legally compliant digital forensics and incident response.

Builds skills in risk assessment, data protection, breach investigation, and recovery.

Prepares professionals to lead security operations & protect digital assets against emerging threats.

FEES: (PER SEMESTER)

Integrated M.Sc. IT

Rs. 37,500 /-

M.Sc. IT

Rs. 45,000 /-

JOB OPPORTUNITIES

- Cyber Security Engineer
- Malware Analyst
- Penetration Tester (Ethical Hacker)
- Cloud Security Engineer
- Forensic Investigator
- Forensic Auditor
- Computer Forensics Investigator

GAME DESIGNING AND DEVELOPMENT

This course teaches you how to design, develop, and build exciting games for mobile, PC, console, and VR platforms. You will learn game design, programming, animation, 3D art, and how to use popular tools like Unity and Unreal Engine, with practical projects, hands-on training, and portfolio development.

PROGRAMS WE OFFER

B.Sc. IT (HONS) (4 Years)
Game Designing & Development

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

THE PROGRAM OUTCOME

Design innovative and engaging games with strong storytelling and user interface.

Develop and deploy multi-platform interactive games using programming skills

Create high-quality 2D/3D visual, animation, and audio assets while optimizing your work.

Solve technical challenges, collaborate professionally, and demonstrate career readiness in the gaming world.

JOB OPPORTUNITIES

- Game Developer / Programmer
- Level Designer
- 2D / 3D Game Artist
- Animator & VFX Artist
- Mobile Game Developer
- AR / VR Developer
- UI/UX Designer for Games
- Indie Game Developer / Entrepreneur

FEES: (PER SEMESTER)

B.Sc. IT - Hons. **Rs. 45,000 /-**

CLOUD AUTOMATION

Cloud automation uses software to manage cloud resources with minimal human intervention, making processes faster, more efficient, and error-free. It automates tasks like provisioning, scaling, monitoring, and security, optimizing cloud operations for better reliability.

PROGRAMS WE OFFER

B.Sc. IT (HONS.) (4 Years)
Cloud Automation

M.Sc. IT (2 Years)
Cloud Automation

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

Any Graduate

THE PROGRAM OUTCOME

Provides practical knowledge of cloud platforms like AWS, Azure and Google Cloud.

Develops skills in cloud computing, automation tools & infrastructure management.

Enhances the ability to streamline cloud operations, reducing manual effort and costs

Builds expertise in automating security protocols & regulatory compliance.

JOB OPPORTUNITIES

- Cloud Engineer
- Cloud Administrator
- Software Developer
- DevOps Engineer
- Cloud Developer
- System Administrator / Engineer
- Network Administrator / Engineer

FEES: (PER SEMESTER)

B.Sc. IT - Hons. **Rs. 45,000 /-**

M.Sc. IT **Rs. 55,000 /-**

DATA ANALYTICS

Data analytics is the process of examining raw data to uncover patterns, trends, and insights. It helps businesses make informed decisions, predict future trends, and optimize operations. Using tools like AI, machine learning, and big data technologies, data analytics enhances customer experiences, detects risks, and drives growth across many industries.

PROGRAMS WE OFFER

B.Sc. IT (HONS.) Data Analytics	(4 Years)
M.Sc. IT Data Analytics	(2 Years)

ELIGIBILITY CRITERIA

10th+2 Pass (With Mathematics)

Any Graduate

ANIMATION, VFX & GAME DESIGN

Animation plays a key role in industries like film, education, and marketing, offering creative opportunities for those passionate about visual art and storytelling. Visual effect (VFX) involves creating or manipulating imagery that doesn't exist in reality, blending it with live footage for realistic environments.

PROGRAMS WE OFFER

Integrated M.Sc. IT Animation, VFX & Game Design	(5 Years)
M.Sc. IT Animation, VFX & Game Design	(2 Years)

ELIGIBILITY CRITERIA

10th+2 Pass (Any Stream)

Any Graduate

THE PROGRAM OUTCOME

Develops expertise in SQL, Python, Machine Learning and Data Visualization tools (Tableau, Power BI).

Prepares individuals for roles in finance, healthcare, marketing, etc.

Enhances the ability to analyze trends, predict outcomes and optimize business strategies.

Improves critical thinking for tackling complex challenges using data insights.

FEES: (PER SEMESTER)

B.Sc. IT Hons.	Rs. 45,000 /-
M.Sc. IT	Rs. 55,000 /-

JOB OPPORTUNITIES

- Data Analyst
- Business Intelligence Analyst
- Data Scientist
- Business Analyst
- Marketing Analytics Manager
- Financial Analyst
- Data Engineer
- Reporting & Visualization

THE PROGRAM OUTCOME

Develops visual storytelling and creative communication through animation, VFX, and game design using artistic and cinematic principles.

Builds practical skills in industry workflows, tools, and AI-assisted production methods aligned with current practices.

Prepares students for careers via mentorship, portfolio development, and hands-on projects in Animation, VFX, Game Design, and emerging digital media industries.

FEES: (PER SEMESTER)

Integrated M.Sc. IT	Rs. 55,000 /-
M.Sc. IT	Rs. 62,500 /-

JOB OPPORTUNITIES

- AI Content Creator
- Film Maker
- YouTube Content Creator
- Video Editor
- VFX Artist
- 3D Animator
- Illustration & Storyboard Artist
- Texturing Artist
- Motion Designer
